2. PUBLIC COMMENT

Ms. Amy Lanzel stated she had been experiencing difficulty during her frequent trips to the Oxbow Jail visitation center with the audio system there dysfunctioning. She had spoken multiple times, both in person and via email, with deputies and the facility administrator about the problem, but there had been no remediation. There is a sign at the facility telling users to press the button to speak, but the "button" was a long, pointed object similar to the tip of the ballpoint pen, which was painful to press. Additionally, pressing the button did not always result in connection. Ms. Lanzel offered to help raise grant money to remedy this issue, if necessary.

Council Member Winder Newton asked Ms. Lanzel to speak with Chief Matt Dumont, who was in the room, about these issues.

Ms. Dena Long stated there was currently a hay shortage, which has resulted in a drastic increase in the cost of hay. As Wheeler Historic Farm uses hay to feed the livestock there, she suggested that the County use fodder instead, which is hydroponic pasturing that is more cost-effective. She brought samples of the fodder for the Council members to look at.

Ms. Maddie Clements stated she was a new staffer with Congressman Burgess Owens' office, and she had replaced Alex Johnson. She wanted to introduce herself to the Council.

3. REPORT OF ELECTED OFFICIALS:

3.1 County Council Members

Council Member Johnson stated he wanted to commend the employees of the Parks and Recreation Division who administer the T-ball program that his three-year-old son enjoys attending.

3.2 County Mayor

Mayor Jennifer Wilson stated she would skip her announcements today to help keep things on schedule since the meeting had started late due to technical difficulties.
